Google Data Analytics Professional
Certificate

Learning Excel: Data Analysis

Agile Foundations

Agile Software Development

SUMMARY

Honors MIS graduate (B.S., Summer 2026) with hands-on data experience across healthcare, banking, and logistics. Google Data Analytics certified with applied SQL, Tableau, and Excel project work. Ready to contribute as a data analyst from day one.

EXPERIENCE

Delivery Driver — FedEx Ground, Rosemount, MN

2025 – Present

- Maintain accurate digital records and exception reports for 100+ daily deliveries using route management and scanning software.

AI Response Evaluator — Contract — DataAnnotation.tech — Andromeda Project

Remote · 2025 – Present

- Evaluate AI-generated responses for completeness, groundedness, truthfulness, and understanding to support model quality benchmarking.

Phlebotomy Technician II — American Red Cross

2022 – 2025

- Achieved 99.8% procedure success rate over nearly three years, ranking among top district performers through rigorous data tracking and quality control.
- Maintained confidential patient records in compliance with HIPAA and organizational data management standards.

Assistant Loan Processor — Internship — Northwoods Bank of Minnesota

2021

- Analyzed client financial data (income, assets, credit history) to verify underwriting compliance; maintained loan processing databases and financial reports.

PROJECTS

Medicare Provider Payment Analysis — Excel / Tableau

2025

- Cleaned a 100,000+ row CMS dataset; built pivot tables identifying top-paying specialties and highest-volume states, published as an interactive 3-chart Tableau dashboard.

Letterboxd Analytics Dashboard — MIS 380 Business Intelligence & Analytics

2026

- Defined three KPIs — Engagement Rate, Rating Index, and Popularity Volume — from a ~5,000-film Letterboxd dataset, then built a multi-sheet Excel workbook with pivot tables and a SAP Analytics Cloud dashboard to track them.

ADDITIONAL COURSEWORK

- IT Governance, Risk & Compliance — COBIT frameworks, change management, offshoring and globalization (MIS 412).
- Business Strategy & Competitive Analysis — Porter's Five Forces, corporate diversification, case studies on Netflix, McDonald's, and Costco.
- Corporate Finance — capital budgeting, WACC, NPV, IRR, and portfolio theory, including a capital budgeting case study (Conch Republic Electronics).
- Supply Chain Management & Retail Operations.
